

## Recruiting: Ophthalmologist

**Who:** Ophthalmologist with independent CPSO licence wanted. Awesome people preferred!

**What:** The offered 1 OR day per week will allow you to care for your patients in a timely fashion. The OR is a well-oiled machine, so downtime is sparse and cases completed in one day can be plentiful (20ish!). I hope you like doing cataract surgeries, as that will be part of the gig!

**Where:** Look us up on a map! We aren't called the banana belt of Canada for nothin'. We ranked 27th best in all of Canada by the prestigious McLean's Magazine—so even if you don't trust us yet, they're a solid source of information.

**When:** Ready when you are!

### **But wait...Show me the Money!**

Referrals will flow easily—you'll be advertised (no charge) via the local news agencies, celebrated at the Family Medicine department meeting, and added to all GP office referral listings. Your clinic will be as busy as you want, as soon as you want.

On top of your FFS billings, all call is eligible for HOCC payments of \$390.35 made directly to you. Hospital call is home call and will be shared equally amongst all ophthalmologists but if call is not your thing, feel free to offer it up to a colleague. Don't fret, our ER is amazing so call is extremely light and newbies won't be given all of the bad shifts. Sharing is caring!

There are endless ways to supplement your typical practice. Earn some extra dough by becoming an Adjunct Professor with Western University and teach the next generation of medical students and residents your craft. Passionate about surgical procedures? Offer up your free time to the OR as a Surgical Assist and keep all of the FFS billings. Willing to provide CPSO supervision for a colleague with a restricted licence? CKHA will compensate you \$250/month for your assistance.

You'll also have access to Green Shield Canada health and dental group benefits and complementary EAP counseling for your entire family. Generous financial recruitment incentives (\$\$\$) are currently being offered for fulltime recruits. I will happily provide relocation assistance to you and your family. From helping you find housing, clinic space, childcare or even a soccer league for your kids, I'm here to assist. A hop, skip and jump from Detroit's international airport equals major savings on all of your travel and is a way less chaotic option than Toronto's YYZ.

Plus, the cost of living here is lower than most areas, so you get to keep more of what you earn. For example, reserved parking only steps from the hospital is available to all of our physicians. When bigger centers charge over \$300, we are proud that this VIP parking is only \$40/month. Check out [www.realtor.ca](http://www.realtor.ca) to see what \$600,000 can get you in Chatham, London and Mississauga to give insight into the standard of living you will enjoy here.

**How: You have nothing to lose! Just email your CV to me (Jenn Chapple, Medical Affairs Specialist at [jchapple@ckha.on.ca](mailto:jchapple@ckha.on.ca)) and let's get the conversation started. For updates on all of our schenanigans, please follow our Instagram @ckhadocs!**
