

Recruiting: General Otolaryngologist

Who: Dr. Samy and Dr. Hasan are welcoming one additional ENT with an independent CPSO licence to join their team. Awesome people preferred!

What: Generous OR (5+ days/month), Ambulatory Care (1.5+ days/week), and complimentary in-hospital ambulatory care and consult space will help you provide a full range of general otolaryngology services.

Where: Look us up on a map! We aren't called the banana belt of Canada for nothin' (thank you, lake effect!). We ranked 27th best in all of Canada by the prestigious McLean's Magazine—so even if you don't trust us yet, they're a solid source of information.

When: Ready when you are! We are happy to consider a delayed start date for the right candidate.

But wait...Show me the Money!

Referrals will flow easily—you'll be advertised (no charge) via the local news agencies, celebrated at the Family Medicine department meeting, and added to all GP office referral listings. We've been without sufficient ENT coverage for some time, so your clinic will be as busy as you want, as soon as you want.

On top of your FFS billings, all call is eligible for HOCC payments of \$486.27 made directly to you. Hospital call is 80% coverage and will be shared equally amongst all ENTs. Don't fret, our ER is amazing so call is very light and newbies won't be given all of the holidays. Sharing is caring!

There are endless ways to supplement your typical practice. Earn some extra dough by becoming an Adjunct Professor with Western University and teach the next generation of medical students and residents your craft. Passionate about surgical procedures? Offer up your free time to the OR as a Surgical Assist and keep all of the FFS billings. Willing to provide CPSO supervision for a colleague with a restricted licence? CKHA will compensate you \$250/month for your assistance.

You'll also have access to Green Shield Canada health and dental group benefits and complementary EAP counseling for your entire family. Generous financial recruitment incentives (\$\$\$) are currently being offered. I will happily provide relocation assistance to you and your family. From helping you find housing, childcare or even a soccer league for your kids, I'm here to assist. A hop, skip and jump from Detroit's international airport equals major savings on all of your travel and is a way less chaotic option than Toronto's YYZ.

Plus, the cost of living here is lower than most areas, so you get to keep more of what you earn. For example, reserved parking only steps from the hospital is available to all of our physicians. When bigger centers charge over \$300, we are proud that this VIP parking is only \$40/month. Check out www.realtor.ca to see what \$600,000 can get you in Chatham, London and Mississauga to give insight into the standard of living you will enjoy here.

How: You have nothing to lose! Just email your CV to me (Jenn Chapple, Medical Affairs Specialist at jchapple@ckha.on.ca) and let's get the conversation started.
