

Recruiting: Endocrinologist

Who: Royal College certified Endocrinologist with an independent CPSO licence wanted. Awesome people preferred!

What: You will have access to a wide range of practice opportunities in C-K, so you can mould your career into whatever you're most passionate about!

We are proud to run the Diabetes Education Centre (DEC) where 5 specialty trained RNs support and follow up with those living with pre-diabetes/diabetes. The DEC assists with insulin starts, insulin pumps and managing gestational diabetes. Services include one-on-one and group consultation for monitoring blood sugar levels, medications, healthy eating, exercise and other lifestyle choices. We'd love to have a Medical Advisor for this team! Offering this service would provide referrals for the management of diabetes in expecting mothers and for a large number of patients with thyroid carcinoma.

Where: Look us up on a map! We aren't called the banana belt of Canada for nothin'. We ranked 27th best in all of Canada by the prestigious Maclean's Magazine—so even if you don't trust us yet, they're a solid source of information.

When: Ready when you are!

But wait...Show me the Money!

Referrals will flow easily—you'll be advertised (no charge) via the local news agencies, celebrated at the Family Medicine department meeting, and added to all GP office referral listings. Your clinic will be as busy as you want, as soon as you want.

On top of your FFS billings for inpatient and outpatient work, an opportunity exists to for you to offer 5 days per month of endocrinology call at CKHA for which a \$488.58 stipend will be paid directly to you.

There are endless ways to supplement your typical practice. Earn some extra dough by becoming an Adjunct Professor with Western University and teach the next generation of medical students and residents your craft. Passionate about surgical procedures? Surgical Assist anytime and keep all of the FFS billings. Willing to provide CPSO supervision for a colleague with a restricted licence? CKHA will compensate you \$250/month for your assistance.

You'll also have access to Green Shield Canada health and dental group benefits and complementary EAP counselling for your entire family. Generous financial recruitment incentives (\$\$\$) are currently being offered for fulltime recruits. I will happily provide relocation assistance to you and your family. From helping you find housing, an office, secretary, childcare or even a soccer league for your kids, I'm here to assist. A hop, skip and jump from Detroit's international airport equals major savings on all of your travel and is a way less chaotic option than Toronto's YYZ.

Plus, the cost of living here is lower than most areas, so you get to keep more of what you earn. For example, reserved parking only steps from the hospital is available to all of our physicians. When bigger centers charge over \$300, we are proud that this VIP parking is only \$40/month. Check out www.realtor.ca to see what \$600,000 can get you in Chatham vs London/Mississauga to see the standard of living you will enjoy here.

To Apply: You have nothing to lose! Just email your CV to me (Jenn Chapple, Medical Affairs Specialist at jchapple@ckha.on.ca) and let's get the conversation started. For updates on all of our schenanigans, please follow our Facebook or Instagram @ckhadocs!

The Fine Print: All job offers will require compliance with our COVID-19 Vaccination Policy for proof of full vaccination unless provided with a medical exemption or an accommodation under the Ontario Human Rights Code.
