

## Recruiting: Hospitalist Physicians

**Who:** Family or Internal Medicine physicians with inpatient care experience and an independent CPSO licence wanted. Awesome people preferred!

**What:** We have 3 rock star NPs supporting the CCC, Rehab and Medicine units and with 6 Hospitalists rounding per day (0800-1600), you will have 10-15 acute patients.

We have added a nocturnist shift to our Emergency Department to act as MRP for patients needing to be admitted after 11pm. We know docs are happiest when they get their beauty sleep!

Want to try us before you buy us? Want to pair Hospitalist shifts with a family practice or Emergency work? No problem! We agree that work/life balance is super important, so feel free to build your career the way you want with CKHA. You can work as little as 1 week per month (Monday to Sunday). If you want to join us full time, we can typically offer 2-3 weeks per month. The choice is yours!

**Where:** Look us up on a map! We aren't called the banana belt of Canada for nothin'. We ranked 27th best in all of Canada by the prestigious MacLean's Magazine—so even if you don't trust us yet, they're a solid source of information.

**When:** Ready when you are!

**How:** You have nothing to lose! Just email your CV to me (Jenn Chapple, Medical Affairs Specialist at [jchapple@ckha.on.ca](mailto:jchapple@ckha.on.ca)) and let's get the conversation started.

### **But wait...Show me the Money!**

There is no overhead cost. Support staff, supplies, IT support etc is all provided for you. No community office or practice required.

You'll get paid \$1300 per week day and \$1750 per weekend day or statutory holiday worked. At this time, if the schedule is tight and only two hospitalists work in a given day, they will be compensated at 1.5x the daily stipend rate to compensate for the additional workload.

All call will be paid a \$487.94 HOCC stipend directly to you. Hospital call can be taken from home, provided you can get here in 30 minutes. Call will be shared equally amongst all Hospitalists. Don't fret, newbies won't be given all of the weekends and holidays--sharing is caring!

Earn some extra dough by becoming an Adjunct Professor with Western University and teach the next generation of medical students and residents your craft.

There are endless ways to supplement your typical practice. Passionate about surgical procedures? Offer up your free time to the OR as a Surgical Assist and keep all of the FFS

billings. Willing to provide supervision for a colleague with a restricted CPSO licence? CKHA will compensate you \$250/month for your assistance.

You'll also have access to Green Shield Canada health and dental group benefits and complementary EAP counseling for your entire family. Generous financial recruitment incentives (\$\$\$) are currently being offered for fulltime recruits. I will happily provide relocation assistance to you and your family. From helping you find housing, childcare or even a soccer league for your kids, I'm here to assist.

A hop, skip and jump from Detroit's international airport equals major savings on all of your travel and is a way less chaotic option than Toronto's YYZ.

Plus, the cost of living here is lower than most areas, so you get to keep more of what you earn. For example, reserved parking only steps from the hospital is available to all of our physicians. When bigger centers charge over \$300, we are proud that this VIP parking is only \$40/month. Check out [www.realtor.ca](http://www.realtor.ca) to see what \$600,000 can get you in Chatham, London and Mississauga to give insight into the standard of living you will enjoy here.
